TV Shows

Verse 1:

Sun tanned toning in the white sand
Hold me back cause' imma' bout' to crash, into a
A semi-trailer or a thousand trees
So spin those wheels we'll burn our histories
Sink in deep but don't get comfortable
You're memories will be in TV Shows
And if you're, you're ever wondering if I'm on the moon
Just think of all the things that you could do

Pre chorus:

4 years older and what are you feeling
Wanna' know why I got drunk and shot out the ceiling
You're life is moving fast, no way of slowing down
Why don't you pack you're bags and get yourself outta' this town

Chorus:

Cause' Kyle and Jackie - O (J-a-ckioo)
Cause' Kyle and Jackie - O (J-a-ckioo)
Cause' Kyle and Jackie - O, their on the radio
And they haven't seen us yet

Verse 2:

The airs getting thinner and I don't know where to go
Grab the remote and she's on a TV Show, and
The waters warmer here, but I can swim
And I've got a one way flight booked to Edmonton

Cause' I know you'll be you and maybe I'll be me
And one day we'll live happily

And one day we'll live happily
